

The citation for a book on mathematics and needlework, found on page 22, is incorrect. The book is in fact *Making Mathematics with Needlework: Ten Papers and Ten Projects*, edited by sarah-marie belcastro and Carolyn Yackel (AK Peters, 2007). Dr. belcastro and Dr. Yackel have contributed, substantially and energetically, to the literature and life of mathematics' interplay with needlecraft. I am grateful for having been exposed to their ideas and very sorry for my mistake! *REB*
